SERVICE SEMINAR 2010

BUILDING A FOUNDATION OF KNOWLEDGE

# FACTORY SERVICE SEMINAR 2010

Start 2010 right - by building the proper foundation of knowledge.

Come to a Schwing Service Seminar and gain a deeper understanding of maintenance, troubleshooting, and safety. Schwing Service Seminars are divided into three levels to fit your needs. We start with classroom basics and move all the way through hands-on troubleshooting. Get the most out of your equipment today by attending a Schwing Service Seminar.

Seminar fees include lunch and transportation to and from the hotel. Attendees will also receive the Service Manual on CD-ROM along with a printed copy of the Training Manual. Airfare, hotel, and evening meals are not included.

## Signing Up is Simple!

Fill out and submit your application via fax, mail, or online at [www.schwing.com](http://www.schwing.com).

We will process your application and send you a seminar confirmation along with lodging information and maps from the airport to the hotel and Schwing facility. (NOTE: We will make the hotel reservation for you. All attendees stay at our designated hotel. Rates per evening are approximately \$80.00 plus tax.)

Fly into Minneapolis-St. Paul International Airport. Attendees should plan to arrive the day prior to their class and depart the following morning. It is the attendee's responsibility to get to and from the airport. Cab fare from the airport to the hotel is approximately \$40.00.

## STATIONARY PUMP TRAINING

In order to better suit the needs of our customers, Schwing America will be offering a training seminar for Stationary Pumps in 2010. This seminar will consist of two days of training on all current models of Schwing Stationary Pumps. Lunch will be provided, and each attendee will receive a printed copy of the Stationary Pump Training Manual. The seminar will be held at our factory in White Bear Lake, Minnesota. The cost of the seminar is \$400.00 per attendee. Airfare, hotel, and evening meals are not included.

**St. Paul, Minnesota**  
April 1st and 2nd, 2010

## FIELD TRAINING

If you don't have time to come to one of our Factory Service Seminars, then let us come to you. Schwing offers on-site training for Schwing boom trucks, stationary pumps, batch plants, and reclaimers. One of our qualified instructors will come to your facility and provide a tailored training program to suit your needs. For details and cost, contact:
